# Countries and subdivisions

## Version 1.6

(Last updated: 2024-09-02)

This thesaurus lists the world countries and some of their subdivisions. Capitals are mentioned. France is detailed up to the departments. Italy and Spain are detailed up to the provinces. Portugal is detailed up to the municipalities. Belgium, Germany and Switzerland are detailed up to the administrative districts. The United States is detailed up to the counties. This vocabulary is mapped to [GeoNames](#), [Wikidata](#), [Wikipédia](#), [DBpedia](#) and [NUTS](#).

A French version of the thesaurus is also available.

The thesaurus is browsable online on the terminological portal Loterre: <https://www.loterre.fr>
